

INSURANCE POLICY

We provide services for our patients with the understanding that they are responsible for payment in accordance with our financial policy. We will prepare and submit forms and reports to assist you in obtaining maximum benefits available, however, the dentist's treatment recommendations or fees are not affected by the presence or absence of insurance benefits. Treatment recommendations are based on your dental needs and desires and are not a reflection of your dental benefits. Your dental benefits are a contract between you, your employer and the insurance company. Therefore we do not confirm insurance eligibility or predetermine recommended treatment. We are not preferred providers or members, and do not have any association with any insurance organizations.

Our office will gladly work with you to help get the maximum benefit available to you. Most dental insurance plans do not cover 100% of your cost of treatment. **Because of this, you will be asked to pay half of all non-preventative procedures on the day treatment is rendered.** Any resulting balances after insurance payment has cleared will be charged on provided credit card on consent to pay form. Any resulting credit balances that exist after insurance payment has cleared will be promptly refunded to you.

Because the insurance policy is an agreement between you and insurance company, the ultimate responsibility for all charges lies with you. If after 45 days the insurance company has not paid on the claim, you will be responsible for the total or remaining balance which will be applied to your credit card.
